OLYMPIA, Wash. (AP) — Washington is poised to become the first state to establish an employee-paid program creating an insurance benefit to help offset the costs of long-term care, a step advocates say will help an aging population that is likely not prepared for the increasing costs needed for daily assistance.

# A Good Thing for Washington's Aging Population

 Long-term care needs are growing as
Washingtonians age and families are less able to meet their needs

# What You Need to Know About the WA Cares Fund

#### Why do we exist?

So Washingtonians can care for themselves and the people they love.

#### What do we do?

Support employees and employers so that they can maintain economic stability and peace of mind in challenging times.

# Why Families Need a New Approach to LTC

**Diane:** My dad needs help since his stroke 2 years ago. My mom took care of him until she passed away. I have a full-time job and take care of my grandchildren regularly. I found out LTC is not covered by Medicare, so we paid privately for some help for a while. Dad will have to spend down his life savings to \$2,000 to qualify for Medicaid. I'm not sure how I'm going to meet the time and financial needs of my dad, my grandchildren and myself.

#### **Long-Term Care is predictable and expensive**

- 70% of those turning 65 today will need longterm care
- Annual cost of home care: \$33k to \$66k (20-40 hours/week)

#### Most Seniors can't afford long-term care

- Among Washington seniors:
  - Median household income: \$56,000
  - Half have no 401(k) or pension income

## The Path to WA Cares

# How the WA Cares Fund Supports Washington Families

### **Affordability**

 For the first time, long-term care insurance is affordable for all working Washingtonians

#### **Peace of Mind**

We know we will have access to care when we need it later in life,
reducing the emotional and financial stress on family relationships

#### Choice

We choose who provides our care and where we receive it

Washington is a better place to live, work and retire.

## **How the Benefit Works**

- Each eligible beneficiary can access services and supports costing up to \$36,500.
- The benefit can be used for a range of services and supports, such as:

Professional care

Rides to the doctor

Home-delivered meals

Training family caregivers

Adaptive equipment and technology

Home safety evaluations

## **How the Benefit Works**

### **Vesting and eligibility**

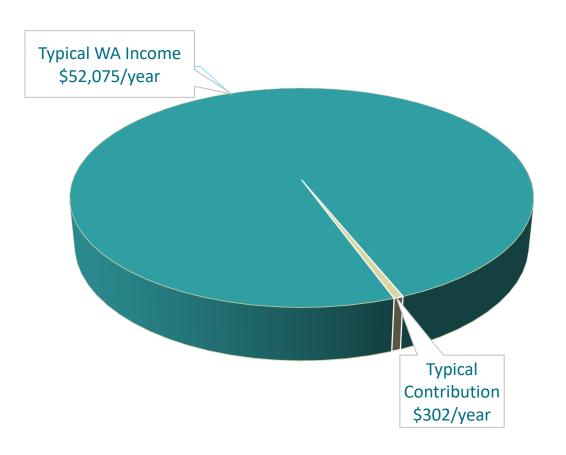

To meet vesting criteria, you must have earned your WA Cares benefit by working and contributing:

- At least ten years at any point in your life without a break of five or more years within those ten years, or
- Three of the last six years
- And at least 500 hours per year during those years, then

To be eligible for benefits, you must require assistance with at least three activities of daily living.

## **How the Benefit Works**

- Every employee contributes \$0.58 per \$100 of earnings.
- Premiums go into dedicated Trust Fund that can only be used for this program.
- If you have private long-term care insurance by Nov. 1, 2021, you may apply to permanently withdraw from benefits Oct. 1, 2021 thru Dec. 31, 2022.

# **Exemptions**

# What is an Exemption?

**Exemptions are for workers** who have their own private long-term care insurance.

**Exemptions are permanent.** If approved, workers won't have premiums assessed and forfeit their right to the benefit for life.

Workers must apply for an exemption.

- Key dates for exemption applications:
  - By Nov. 1, 2021: Have a qualifying private long-term care insurance policy.
  - Oct. 1, 2021–Dec. 31, 2022: Apply to ESD for an exemption.

# **Employee and Employer Responsibilities**

- Employees must provide notification of exemption to all current and future employers.
- The only acceptable notification is a copy of the employee's approved exemption letter from ESD.
- Employers must maintain a copy of the employee's approved exemption letter.
- Employers should not collect premiums from employees who have provided the approved exemption letter.
- Employees are not entitled to a refund of premiums that were assessed before their exemption was approved or before the approved exemption letter was provided to their employer.

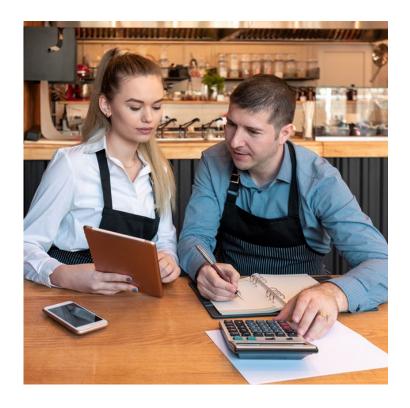

# **WA Cares and Paid Leave**

# What Employers Need to Know About WA Cares

### **Employers** don't contribute but will:

- Collect premiums beginning Jan. 1, 2022.
- Report and pay premiums to ESD.
  - Definitions of employer, employee and remuneration are consistent with Paid Leave.
  - Definition of wages also applies, excluding the social security tax cap, which does not apply.

Self-employed earners can opt-in.

## **Employers Report Once for Both Programs**

#### ESD is updating the Paid Leave reporting system to include WA Cares.

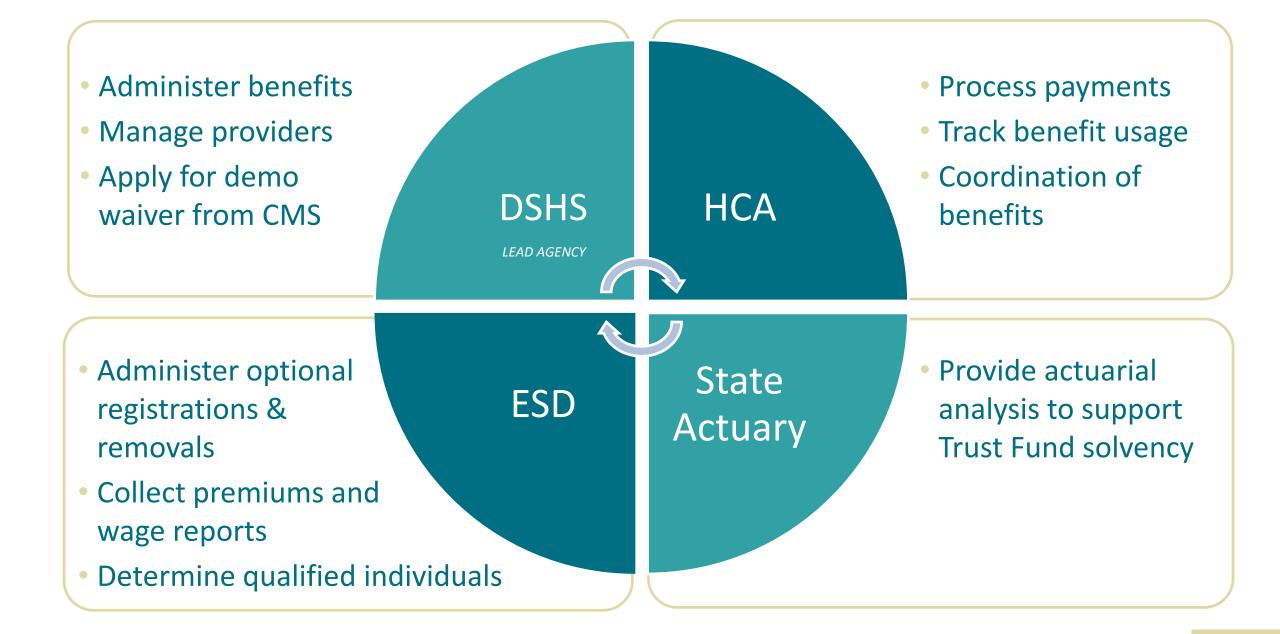

- Many similarities between the programs
  - Employee, Employer, Employment, Wages (with exceptions)
  - Employers deduct premiums, report, and pay these premiums to ESD
  - Self-employed and federally recognized tribes can elect coverage
  - Employees covered by a CBA in existence on or before Oct. 19, 2017 don't have to participate unless the CBA has been reopened or renegotiated after that date
  - To the extent possible, investigate for premium compliance

## **How WA Cares Differs from Paid Leave**

- WA Cares benefits serve a different purpose
- No employer contribution
- Premium amounts
- No SSN wage cap on premium collection
- ESD doesn't administer the benefits portion of WA Cares (DSHS)

# **Cross-Agency Responsibilities**

DSHS, HCA, State Actuary, ESD

## **ESD Communication and Outreach Timeline**

## **Thank You**
